## **BAHEP welcomes Watchdog Site Surveillance, LLC**

**BAY AREA HOUSTON, TEXAS** – Bay Area Houston Economic Partnership is honored to welcome Watchdog Site Surveillance, LLC as a new member. Located in Houston, Texas, Watchdog Site Surveillance is a company focused on providing custom, solar-powered surveillance solutions.

Brian Freedman, Bay Area Houston Economic Partnership President, expressed “We are thrilled to have Watchdog Site Surveillance join our organization; Their business’s dedication to protect and secure company assets is something we appreciate.”

Owners of Watchdog Site Surveillance, Carlos and Gina Trigo, shared “After working around Brian, the BAHEP team, and meeting BAHEP members, we decided joining BAHEP would be an asset to what we are trying to accomplish; by working with other successful businesses and helping to protect their assets and provide a sense of security to not only employees, but customers as well.”

### **An Inside Scoop on Watchdog Site Surveillance**

With an understanding of unique property needs, Watchdog Site Surveillance offers customized security solutions to fit clients’ specific requirements by working closely from initial consultations to ongoing maintenance. Watchdog Site Surveillance uses cutting edge technology including AI cameras and network video recorders; all of their equipment is compliant with the National Defense Authorization Act (NDAA) and Open Network Video Interface Forum (ONVIF).

Watchdog Site Surveillance’s innovative mobile units are great visual deterrents and ideal for construction sites, parking lots, and any locations lacking electricity. Their mobile units are equipped with three to four high-definition cameras with around-the-clock video recording capabilities. The surveillance company’s equipment delivers reliable performance in various

environments, allowing you to maintain a secure presence wherever you need it, safeguarding investments with confidence. Typical clientele for Watchdog Site Surveillance includes developers, property owners, contractors, and manufacturers.

In addition to their work with Watchdog Site Surveillance, Carlos and Gina Trigo also own Affordable Commercial Services LLC, broadening their support for property owners and developers.
