## **BAHEP proudly welcomes LZ Technology, Inc**

BAY AREA HOUSTON, TEXAS – The Bay Area Houston Economic Partnership (BAHEP) proudly welcomes LZ Technology, Inc. (LZT) as its newest distinguished member. Headquartered in Houston, LZT is an award-winning Woman-Owned Small Business (WOSB) with over two decades of experience advancing engineering, technical workforce solutions, systems integration, and mission operations for clients across the nation’s aerospace and government sectors.

Brian Freedman, President of BAHEP, stated “LZ Technology has supported important aerospace and engineering programs in the Houston area for many years. Their hands-on technical capabilities, combined with their deep experience in human spaceflight support, make them a strong addition to BAHEP.”

Scott Brady, who represents LZ Technology, commented: "At LZ Technology, we recognize that innovation and progress in aerospace and technology are built on strong partnerships and a thriving regional ecosystem. Our decision to join BAHEP reflects not only our commitment to advancing our customers' missions and supporting the Bay Area Houston community but also our belief in the power of collaboration to drive breakthrough solutions. BAHEP’s unique ability to foster connections among industry leaders, research institutions, and local government creates unparalleled opportunities for business growth, workforce development, and strategic advocacy on behalf of our industry. Through BAHEP, we gain a seat at the table with stakeholders shaping the future of aerospace, energy, and technology across the region. We look forward to contributing our technical expertise to this dynamic organization, deepening our relationships with fellow members, and working together to make Bay Area Houston the nation’s premier hub for innovation and opportunity.”

About LZ Technology, Inc.

Founded in 2001, LZ Technology, Inc. is a leading provider of engineering and technical services for the aerospace and defense sectors. Guided by President and CEO Linda Cook

Pandolph, a dual Silver Stevie® Award honoree, LZ Technology delivers critical solutions for clients such as NASA Johnson Space Center, Lockheed Martin Orion, KBR Mission Support Operations, Leidos Cargo Missions, and key intelligence and Department of Defense programs.

**Award-Winning Performance:** LZ Technology's national recognition includes the NASA Johnson Space Center Subcontractor of the Year and SBA Region 6 Subcontractor of the Year awards, as well as multiple client and industry honors. These achievements reflect LZT's proven commitment to technical excellence, reliability, and customer value.
